

DVI-IF-DSM-V1A

1. Description:

DVI-IF-IF-V1A is a simple DVI-I single link female to DVI-D single link male pass-through adapter breakout board. It brings all 18 pins of DVI-I dual link female connector and a DVI-D single link male connector to screw terminal blocks and headers for easy testing, prototyping and breadboard connection. All 18 pins of the DVI-I Female connector are directly connected to a DVI-D Male connector. For breadboard connections, user can use the two 15pin headers on both sides of the breakout board to connect to the front end of the breadboard for a steady connection.

2. Features:

- All 18 pins (including shield) of a DVI-I single link female connector is directly connected to a DVI-D single link male connector.
- All 18 pins of DVI-I single link female and male connectors brought out to headers and screw terminal blocks
- Various connecting method chosen by users.
- 2 mounting holes with 2mm diameter hole size
- 2 mounting holes with 3mm diameter hole size
- 1.48"(37.5mm)X2.31"(58.6mm) board dimensions

3. Parts:

- 1) 1pc X DVI-IF-IM-V1A PCB
- 2) 1pc X DVI-I dual link female connector
- 3) 1pc X DVI-D single link male connector
- 4) 2pc X 5pin 0.1"(2.54mm) spacing terminal block
- 5) 2pc X 10pin 0.1"(2.54mm) spacing terminal block
- 6) 1pc X 30pin 0.1"(2.54mm) header
